

Applications

Automation Machines
Industrial Machinery

DATASHEET

SINGLE PHASE RC NETWORK - RCN

Description

Designed to substantially minimize the occurrence of arcing and noise generation in relay and switch contacts.

Model Number	Ordering code	Termination
RCN	SPRCN1P002W	Cable

Technical Specifications

Maximum Continuous Operating Voltage	250 VAC
No. of Lines	L and N
Test Voltage	1250VDC for 1 min
Temperature range	-25°C to +85°C
Flammability corresponding to	UL 94V-0
